MANILA, June 16 (PNA) -- The League of Corporate Foundations (LCF), a nationwide association of 70 corporate foundations and corporations advocating for greater corporate social responsibility (CSR), on Wednesday adopted the theme of 'Synergizing for Change' during its CSR Expo Press Launch at the Glorietta Mall 3.

Event organizers said the power of media in spreading information is most necessary to achieve the positive change and national healing everyone is aspiring for with the change of administration.

"The recently-concluded elections is a remarkable chance for us Filipinos to set aside political colors and work towards rebuilding our nation," said Edgardo Amistad, LCF chair and the LCF CSR 2010 Expo.

Amistad said the LCF and its members have long been involved in sustaining the country's development by complementing government efforts in education, environment, arts and culture, health and enterprise development.

"This year, we hope to engage other sectors even more in an effort to make our contributions more strategic and relevant," Amistad said.

During the CSR Expo Press launch, business leaders like Ayala Foundation executive vice president, EON managing director Junie del Mundo, Amistad and Linda Atayde, SM executive director for education served as panelists
